INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all theunjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. There is no handwriting or other markings on the page.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the page.

RECORD OF EVENTS.

Since last muster this Co. has
been constant, active, and severe
service, participating in the march
& crossing below Fredericksburg, at
both crossings in May & June.
Was with the Regt. & Brigade in the
action of May 3rd upon Fredericks-
burg Heights, was left upon that
occasion behind all the other troops
below the City as Rear Skirmishers
and then marched six miles to re-
join the Regt. but did not arrive
in time to take part in the action
at Saline Chapel on the evening of
the 3rd of May, which saved the Co. such
fearful loss of life as attended each
of the other companies belonging to
the Regt. The Co. has marched from
below Fredericksburg, to Gettysburg

This Regiment was with the Army in its
late march. We left Camp near Stafford Co. Va.
on April 27. 1863. At Sun. eve. we en-
camped that night near Rutherford's Church.
Then 29th we crossed the first branch
of the Rappahannock, and the same
day after making a temporary in-
crease the Rapidan at Germania Ford,
and encamped on the south side of the
river. While proceeding towards
Friedrichsburg at a place called
Wilderness the regt. was ordered to go

While doing this they were fired upon by the enemy. After performing the duty assigned them they rejoined the Corps, and at night pitched camp near Chancellorsville.

Friday May 1st the regt. was twice under fire. In the afternoon, Lt. Col. Norton was wounded, (has since died of his wounds)

May 2nd was again under fire. At 5 o'clock Sunday morning May 3rd the regiment was placed in the front line in the edge of a wood on the south side of the plank road chosen which a few hours after

the enemy came in huge masses, with a few axes that at other times would have been thought unfit for use, built a rude breastwork which afforded them a slight shelter from the deadly missiles of the enemy. For three hours they fought until the line in the rear and on either flank had fallen back and the enemy had passed his way past the right of the Regt. Then they fell back, & reformed near the Chancellorsville. Smith's battle. Lt. Hunt was killed & severely wounded & nearly 100 men killed & several missing. At 3 A.M. May 6th left the rifle pits & moved the Rappahannock at 4 P.M. and of a fatiguing march of 20 miles through the rain, reached our old camp at headquarters,

RECORD OF EVENTS.

Last mustered at Littlestown
Penn, on the 30th of June. As at the
Battle of Chancellorsville the next
day after we were mustered we met
the Enemy. At Gettysburg the company
was under fire during the whole of the
2nd & 3rd days of July. After the Victory had
been achieved we marched back via
Littlestown, Frederick City, Middletown,
& Fair Play to Williamsport. Here
anticipating an attack from the Enemy
we built formidable breast works, parallel
alleys. But we had no opportunity to use
them. When however we advanced we
found that we were a day too late, for
the Enemy, with the exception of some
3000 were safely across the river at
Halling Water. We then took up our line
of march via Sharpsburg, Harper's Ferry,
Seneca Gap, Paris & Wamonten Junction,

RECORD OF EVENTS.

While on the March to
Gettysburg, Penn., this Com-
pany was mustered by Col. E.
Sherwill at Union Town, Md.
in my presence and with my
assistance. Col. Sherwill was
killed at Gettysburg. Leaving
the muster and pay rolls of his
Regt. 126th N. Y. Vols. entrusted
By direction of Brig. Gen. Hays
I sign this Roll inasmuch as
I assisted in making such
muster, and know this Roll
shows correctly the condition
of the Company on the 30th
of June 1863.
